

USER GUIDE | VTi® HOMEMATE + APP | **VTi® RE-LION MOTORS.**

EFFORTLESS AND USER-FRIENDLY CONTROL ANYTIME

VTi® HOMEMATE APP

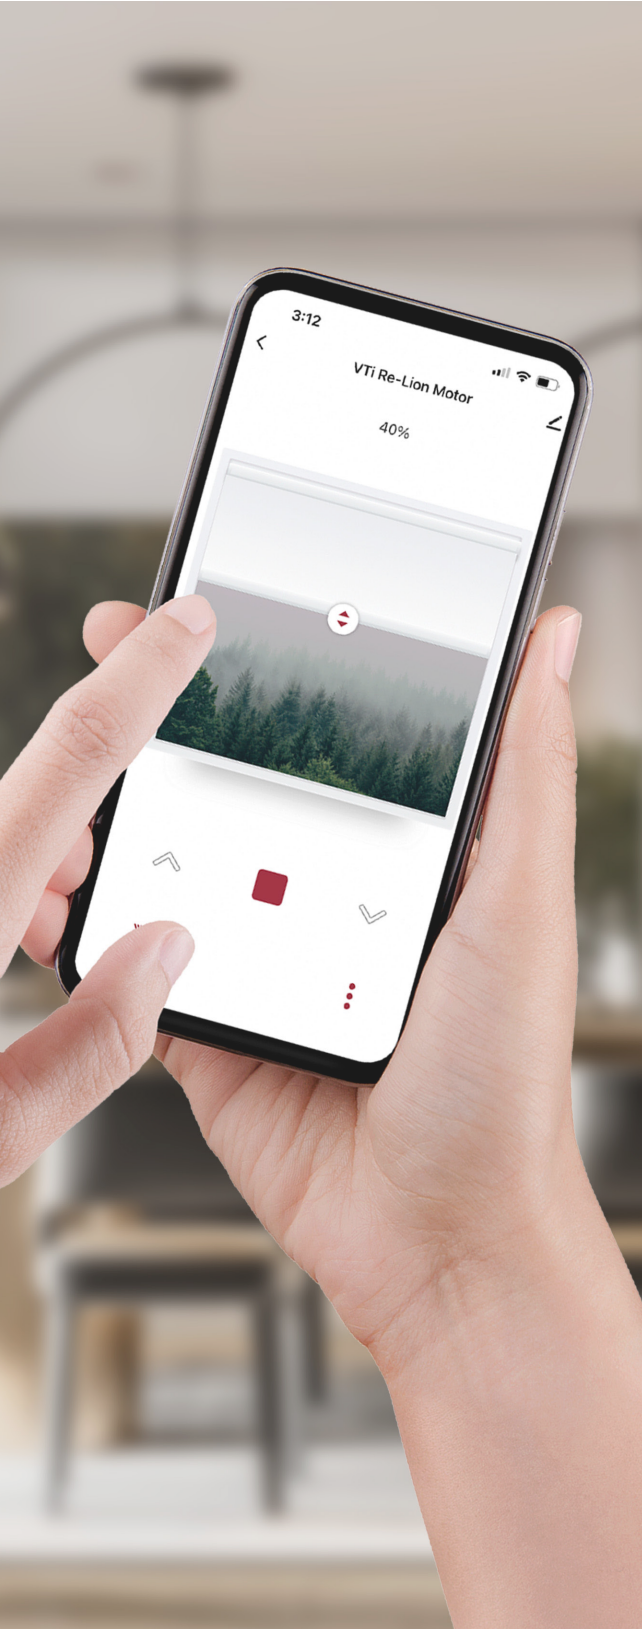

EFFORTLESS AND USER-FRIENDLY CONTROL ANYTIME

WITH THE **VTi® HOMEMATE APP** YOU WILL BE ABLE TO:

- Individual and group control anytime, anywhere- Compatible with Uni and Bidirectional RE-LION motors. Easily manage your shades from anywhere, whether you're at home or on the go with a friendly App Control.
- Seamless Scene, Routines and Timers- Personalize your experience by designing custom rooms, scenes, routines, and timers based on your location to facilitate efficient and automatic shade control. Tailor the settings based on specific times, weather conditions, or your daily schedule to enhance convenience and comfort. Timer Functionality includes automatic sunrise/sunset detection.
- Integration with 3rd party systems and voice Control- Effortless and native integration of the most common brands of home automation systems. Control your Vertilux shades using straightforward voice commands via popular virtual assistants like Amazon Alexa and Google Assistant.
- Real-Time Feedback - Vertilux bidirectional motors can communicate with the hub in real time, facilitating seamless interaction. You can easily monitor motor battery levels and shade positions using the app.

BEFORE GETTING **STARTED**

1. Have your shades, blinds, draperies and/or awnings with VTi® RE-LION Motors. Make sure that all your shades are functional and charged.
2. Identify and purchase one of the Vti Smart Hub based on the size of your home and type of motors installed. In case of range issues add additional hubs if is required.

CHOOSE THE HUB
